DETAILED ACTION

Oath/Declaration

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because: Page 1 of the Declaration contains an incorrect filing date of the foreign priority document. The year "1990" is not correct.

The correct filing date is "4/19/1999."

Allowable Subject Matter

Claims 1, 2, and 4 to 7 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art search has not produced any references which, either alone or in some combination, teach, suggest, or disclose applicant's claimed *device (apparatus)* as well as the claimed *method* for cleaning and disinfecting treatment of water which comprises a source of a rectified pulsating magnetic field, a conducting element that is not capable of releasing silver during use of the device and is at least partially submerged in the water to be treated, and a component for changing the direction of the pulsating magnetic field in a time-dependent manner.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
